Modular ADP safe

Burglary protection certified according to EN 1143-1 Grad IV

Modular

The APD Series is a range of high-security professional safes, designed for the protection of valuables, sensitive documents and precious possessions.

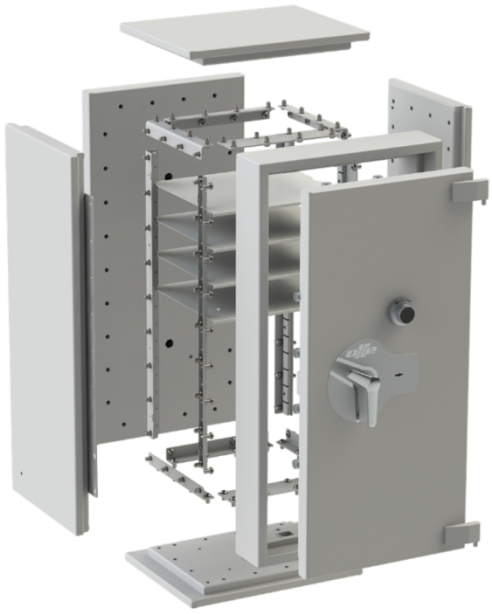

Thanks to their demountable modular construction, these safes can be transported as separate parts and assembled directly at the installation site.

This design makes it easier to set them up in rooms with difficult access, especially in the basement and upstairs.

Technical data:

- Modular construction can be dismantled
- Assembly possible directly on site
- 50 mm thick body and door
- 25 mm swivel bolts
- Anti-drilling shielding
- Locking system in the event of attempted break-in
- Height-adjustable interior shelves
- Standard colour: RAL Design 000 65 00

Standard finishes:

- Double keyed lock
- Door opening: Right

Options:

- Additional shelf
- Indoor locker
- Key lock and mechanical combination lock
- Key lock and electronic lock
- 2 electronic locks
- Special RAL paint on request
